Paddle Ball

Background

Paddle Ball was released along with Rec Room in 2016. It takes place within the Rec Room Gymnasium on the Rec Room Campus. Paddle ball is limited to only 2 players, as both sides try to defend attacks from one another. This RRO is actually a direct multiplayer sequel to the 2010 smash hit *Kinect Adventures* “Rally Ball” gamemode.

How to Play

One player serves the floating ball, the other player attempts to stop it from reaching the back of their play area while also hitting it to the opponents with a racket. If the ball reaches the back of the opponents play area, you score a point. Play continues until one player has scored five points and wins the match.

Trivia

- The gymnasium for Paddle Ball is actually the same gym used for Dodgeball.
